MEMORANDUM FOR President, Physical Evaluation Board

Subject: Cancellation of Physical Evaluation Board (PEB) Procedural Guidance Memorandum #13: Processing Non Active Duty Reserve Component (RC) Cases in Consideration of Certain Line-Of-Duty (LOD) Circumstanceso0

1. Subject memorandum is cancelled effective the date of this memorandum.
2. Recommendation to cancel the memorandum was approved during the Advisory Staff Meeting held on 6 January 2021. The justification for cancellation is, in part, the change to AR 600-8-4, effective 12 December 2020. This change, quoted below, requires the PEB or HQUSAPDA to resolve case line-of-duty issues with the U.S. Army Human Resources Command in lieu of returning the case to the proponent level.

“The USAPDA or PEB, when processing cases for physical disability separation, may request a review when they believe that a prior LOD finding may be incorrect, that an LOD investigation has been submitted improperly (informal vs. formal), or that a non-duty related case actually is duty related (based off of medical documentation). The PEB will send requests for review with supporting documentation to: The Adjutant General, U.S. Army Human Resources Command (AHRC-PDC-P), 600 Spearhead Division Avenue, Fort Know, KY 40122-5405, clearly detailing the reason for the review request.”

3. The point of contact for this memorandum is Ms. Frances Dennis, USAPDA Policy Officer, at (210) 239-5945 or email at [Frances.a.Dennis.civ@mail.mil](mailto:Frances.a.Dennis.civ@mail.mil).

JEFFREY A. MCCARTNEY  
COL, AG  
Deputy Commander
