Market: 19K30-24-03

Market Opened: July 19, 2023

Market Closes: 1700 EST on August 29 2023

Market Information: Guidance to NCO on marketplace Rules of Engagement

Welcome to your Enlisted Market. You are eligible for reassignment during the upcoming 24-03 Enlisted Manning Cycle reporting April - August 2024. The Enlisted Market is an effort to increase your choice in the assignment process. Unlike ASK a static preference the ASK-Enlisted Market only list valid requirements for Army Readiness to be filled in the current manning cycle. ASK-EM will continue providing the enlisted Markets to NCOs until fully-subsumed by IPPS-A. Below are some rules of engagement on how to preference your assignments and how HRC will use this to determine your assignment during market and manning cycles. This market interface can differ from manning cycle to manning cycle so please read this entire message carefully and contact your branch if you have any questions prior to submitting your preferences.

The following assignment type best matches your career model and should be prioritized over others:

BROADENING

Additional Guidance from your career branch:

Recommend preferencing broadening assignments ROTC OCT First Army Armor School DS Recruiter

Specific information from the NCO's Talent Manager on which assignments best match the NCO's career model and Knowledge, Skills, and Experience

Stabilization preference:

I do not have a preference to stabilize at my current THRU Unavailable

*To update your stabilization preference, please use the Self-Service role in IPPS-A and make your stabilization preference. If you remain at your current location, ENSURE you input a thru date for 12 months. It can take up to 12 months to process.

Stabilization Preference: NCOs can provide preference for current location stabilization. When an NCO's preference to stabilize at current location is supportable, the use of an Assignment Consideration Code (ASCO) of J3, J4, or J5 is used and the NCO's YMAV is auto-adjusted to support

NCO rank orders preferences for all assignments from 1 to end

If NCO does not rank order all available assignments, the system will default all remaining assignment choices to the next available number.
(e.g. If NCO ranks only 1 thru 4, all other choices will be #5)

The following assignment type best matches your career model and should be prioritized over others:

Additional Guidance from your career branch:

Stabilization preference: THRU

*To update your stabilization preference and thru date please click on the Preference/Volunteer Tab at the top of the ASK homepage. Updates require 24 hours to populate page
